

10th CIIT SCIENCE DAY

Thursday, 02.07.2026, MZA, 12:00 – 18:00

Keynote lectures:

Prof. Johannes Wagener

Trinity Translational Medicine Institute, Trinity College Dublin, Ireland

"A Bitter End, Please: Azole Antifungals against Aspergillus fumigatus"

and

Dipl.-Ing. Dr. Martin Ellmerer

Innovation und Technologiemanagement, Medical University Innsbruck, Austria

*"From Research to Impact: Bridging Europe's Innovation Gap Through
Technology Transfer and Spin-offs"*

Dear Colleagues,

We are pleased to announce the upcoming CIIT Network Science Day, dedicated to Infection, Immunity, and Transplantation. This event will provide an excellent platform for researchers, clinicians, postdoctoral fellows, and students to exchange knowledge, share insights, and foster collaboration in these important fields of medical research.

Agenda highlights:

Keynote Lectures and Poster Sessions

Call for Abstracts:

We invite submissions for **poster presentations** on topics related to infection, immunity, and transplantation. Please use the attached abstract template when preparing your submission and send it to CIIT@i-med.ac.at – **Deadline: 31.05.2026**

Registration:

Participation in the Science Day is free of charge, and complimentary food and beverages will be provided throughout the event. Submitting an abstract serves as registration for the meeting. If you wish to attend without presenting a poster, please notify us via email at CIIT@i-med.ac.at so that we can plan the event accordingly.

We are looking forward to your participation.

Sincerely,

Fabio Gsaller, Hubertus Haas, Wilfried Posch and Thomas Sonnweber
On behalf of the CIIT Speaker´s Team
